## Biosphere reserves have three inter-connected functions:

1. Conservation: protecting cultural diversity and biodiversity, including genetic variation, species, ecosystems and landscapes and securing services provided by such diversity
2. Development: fostering economic and human development that is environmentally and socially sustainable and culturally appropriate
3. Logistic support: facilitating demonstration projects, environmental education and sustainable development education and training, research, and monitoring.

**The lagoon in the Po Delta are an important source for the Po Delta communities**

### **The European eel (*Anguilla anguilla*)**

Eels are reared in the marshes of the Delta of the river Po in Veneto; they are commonly found in many rivers and streams, though their population is often not very high

### **The Scardovari mussel**

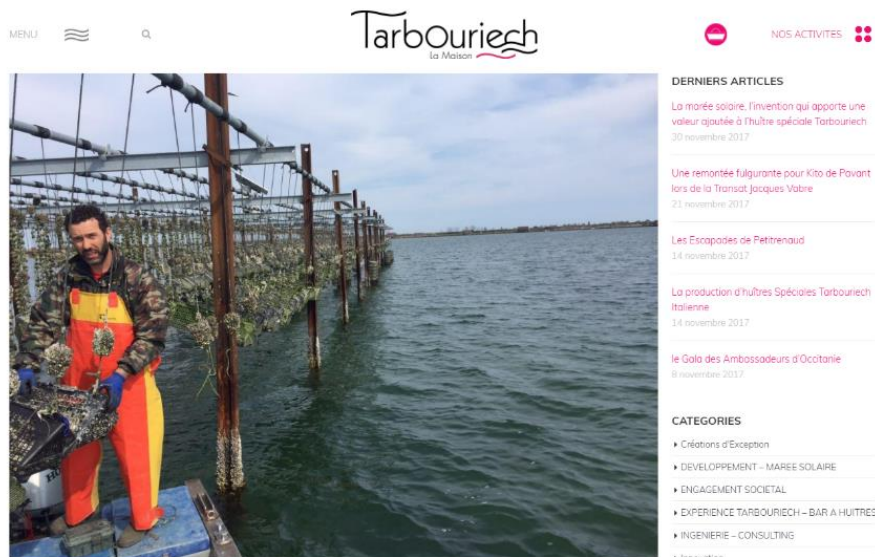

Mussels harvesting since the 1960s in Sacca degli Scardovari, a gulf with not very deep brackish water.

The Ministry of Agriculture has included Scardovari mussels in the list of the Italian traditional products, an important first step for what is called the "gold" of the Po Delta.

## Application of innovative technologies and collaboration: l'ostrica Tarbouriech

«La Perla del Delta», the pink oyster was born thanks to the partnership between the young Alessio Greguoldo, Florent Tarbouriech

### OYSTER AMBASSADOR

Oyster Ambassador in che senso? Blog Servizi Contatti Press

# 2017 MAB YOUTH FORUM

Committed to  
Sustainable  
Development

Biosfera Delta Po  
*uomo e natura insieme*

### About the forum...

Was held in the Po Delta Biosphere Reserve, on 18-23 September 2017

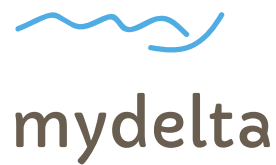

It was **the opportunity** for **young people** who care about their territories to become **active in the MAB Programme** and to contribute to the **sustainable development** of their communities

We work the whole week together, young people, with different backgrounds from different Biosphere Reserve,  
We follow workshops, we discussed in thematic groups on the priorities of the Biosphere Reserves,  
we visited the Po Delta...and at the end we were united on these objectives and actions

Biosfera Delta Po  
*uomo e natura insieme*

Is it possible, for young people, to leave in a territory that is a Biosphere Reserve?  
**YES !!!**

Biosfera Delta Po  
*uomo e natura insieme*

Biosfera Delta Po  
*uomo e natura insieme*

After the forum the young delegates from the Po Delta Biosphere Reserve wants to continue the mission learned with the forum

Biosfera Delta Po  
*uomo e natura insieme*

mydelta

The aim of the association is to support and promote the MAB youth programme.

The working plan provides to collaborate with the local communities and supports the activities in the BR, as well as supports the schools in the organization of meetings and workshops with the students to describe what is the MAB "life-style" and the story of the Po Delta Biosphere Reserve

## Po Delta Light Bridge

Slow tourism experience by bike, across valleys and lagoons, traversing typical bridges and tasting local food and wine products while surrounded by the sunset and the unique sound of nature.

The bike itinerary will cross **3 typical bridges** especially **light in red** for the occasion of the Light Bridge:

- Via Ponte de Barche in Boccasette, Porto Tolle
- Ponte di Barche sul Po di Gnocca in Santa Giulia, Taglio di Po
- Ponte di Barche sul Po di Goro in Gorino Veneto, Ariano nel Polesine
